REQUEST FOR PROPOSALS – RFP #2020-02**

Housing Works (HW) requests proposals from developers for the Project-Based Voucher (PBV) Program. The PBV program is designed to conform to the Project-Based Voucher Program Final Rule published on October 13, 2005 at 24 CFR Part 983.

PBV applications are being accepted for up to sixteen (16) Vouchers for new construction projects in the City of Redmond, Oregon that contain the following:

- 1.) The PBV designated units must serve households at or below 50% of the area medium income;
- 2.) Must show evidence of site control;
- 3.) Developer must demonstrate that project construction will commence within fifteen (15) months and occupancy will commence within thirty (30) months from date of preliminary award of PBV's;
- 4.) Each project must contain a minimum of sixteen (16) units;
- 5.) Each proposal must include a request for at least five (5) vouchers;
- 6.) Preference will be given to vouchers supported by the Veterans Administration under the Veterans Affairs Supportive Housing (VASH) program.

Proposals must be received by Housing Works no later than **5:00 p.m., Friday, May 1, 2020.**  
**Late applications will not be accepted.**

There are sixteen (16) Project-Based Vouchers available under this RFP for low-income families in the City of Redmond, in the State of Oregon. Housing Works seeks to meet the goal of de-concentrating poverty and expanding housing opportunities with the award of these Project-Based Vouchers.

**DESCRIPTION OF PBV PROGRAM**

Through the PBV program, Housing Works will enter into a housing assistance payment (HAP) contract with the selected property owner for designated rental units for a term of up to fifteen years subject to funding availability. Housing assistance subsidies will be provided while eligible families occupy the rental housing units and the units meet other program standards. Housing Works will maintain the waiting list and refer program participants to the project owner in order to fill vacant units. HW's subsidy standards will determine the appropriate unit size for the family size and composition.

Under the PBV regulations, Project-Based Vouchers can be attached to HW-owned units, including units owned by HW subsidiaries; however, all proposals submitted for units where HW has an "identity interest" must be approved by HUD, or an independent entity selected by HUD.

Certain types of housing units and/or developments are **not eligible** for PBV assistance including:

- Shared housing;
- Units on the grounds of a penal, reformatory, medical, mental, or similar public or private institution;
- Nursing homes or facilities providing continuous psychiatric, medical, nursing service, board and care, or intermediate care.

- Units that are owned or controlled by an educational institution or its affiliate and designed for occupancy by the students of the institution;
- Manufactured homes;
- Cooperative housing;
- Transitional housing;
- Owner-occupied housing units;
- Units occupied by an ineligible family at the time of proposal submission or prior to execution of the Housing Assistance Payment (HAP) contract; and
- Subsidized housing unit types that are determined ineligible in accordance with HUD regulations. These include, but are not limited to: public housing units; units subsidized with any other form of Section 8 assistance; units subsidized with any governmental subsidy that covers all or part of the operating costs of the housing; units subsidized with rental assistance under Section 236, Section 521 or Section 101; units subsidized with Section 202 including supportive housing for the elderly; units subsidized under Section 811; units subsidized with any form of tenant-based rental assistance as defined at 24 CFR 982.1(b)(2) including units subsidized with such assistance under the HOME program; and, units with any other duplicative federal, state or local housing subsidy as determined by HUD or HW.

The number of PBV assisted units in the project cannot generally exceed the greater of 25 units or 25 percent (25%) of the total number of dwelling units in the project, except as provided by regulation 24 CFR 983.56.

Sites selected for PBV assistance must be:

- Consistent with the goal of de-concentrating poverty and expanding housing and economic opportunities, consistent with HW's PHA Plan and Administrative Plan. Specific factors are discussed at 24 CFR 983.57;
- In full compliance with the applicable laws regarding nondiscrimination and accessibility requirements;
- Meet Housing Quality Standards (HQS) site standards; and
- Must meet HUD regulations for site and neighborhood standards. The site selected must: a) be adequate in size, exposure and contour to accommodate the number and type of units proposed, and adequate utilities and streets must be available to the site; b) promote greater choice of housing opportunities and avoid undue concentration of assisted persons in areas containing a high proportion of low-income persons; c) be accessible to social, recreational, educational, commercial and health facilities and services that are at least equivalent to those typically found in neighborhoods consisting largely of unassisted, standard housing of similar market rents; and, d) be located within reasonable travel times and cost via public transportation or private auto to places of employment.

Activities under the PBV program are subject to HUD environmental regulations and may be subject to review under the National Environmental Policy Act by local authorities.

For properties with nine or more proposed PBV units, the owner, the owner's contractors and subcontractors must pay Davis-Bacon wage rates to laborers and mechanics.

HW will enter into a Housing Assistance Payments (HAP) contract with the owner selected and approved for PBV assistance. HW will make housing assistance payments to the owner in accordance with the HAP contract for those contract units leased and occupied by eligible families during the HAP contract term subject to funding availability.

The owner is responsible for screening applicants to occupy the owner's unit based on their tenancy histories. At least seventy-five percent (75%) of the families approved for tenancy shall be families whose annual income does not exceed thirty percent (30%) of the median income for this area as determined by HUD and as adjusted by family size.

During the course of the tenant's lease, the owner may not terminate the lease without good cause. "Good cause" does not include a business or economic reason or desire to use the unit for an individual, family or non-residential rental purpose. Upon expiration of the lease the owner may renew the lease; refuse to renew the lease for good cause; or refuse to renew the lease without good cause.

The amount of the rent to owner is determined in accordance with HUD regulations. The rent to owner including utility allowances must not exceed the lowest of:

- An amount determined by HW, not to exceed 110 percent of the applicable fair market rent (FMR) for the unit bedroom size including any applicable tenant-paid utility allowance;
- The reasonable rent; or
- The rent requested by the owner.

Current Central Oregon Region Fair Market Rents for determining rents are:

<b>Unit Size (Number of Bedrooms)</b>	<b>Proposed Fair Market Rents for Deschutes County Effective Jan. 1, 2020</b>
<i>0</i>	<i>\$838</i>
<i>1</i>	<i>\$986</i>
<i>2</i>	<i>\$1,197</i>
<i>3</i>	<i>\$1,727</i>
<i>4</i>	<i>\$2,102</i>

The total rent to the owner for PBV assisted units consists of the tenant rent (the portion of the rent to owner paid by the family) and the rental assistance paid by HW in accordance with the contract with the owner. HW determines the tenant rent in accordance with HUD requirements.

**APPLICATION REVIEW PANEL**

HW's Executive Director will appoint a PBV Selection Panel to review, evaluate, rank and select the applications according to the criteria described herein. This panel will, at a minimum, consist of the Executive Director, Chief Financial Officer and Housing Choice Voucher Director.

In the event that HW-owned units\* are recommended for project basing, applications and the recommendation of the panel will be forwarded to the HUD field office for review. (\*includes tax credit units with ownership interest by HW, as well as units owned by HW instrumentalities.)

## **APPLICATION REVIEW**

Proposals that meet the requirements will be evaluated and ranked by the HW panel. A HW ranking list will be prepared according to the points awarded to each proposal. HW reserves the right to reject and not consider any proposal that does not meet the requirements of this RFP, including but not necessarily limited to incomplete proposals and/or proposals offering alternate or non-requested services. HW reserves the right to award fewer than the number of units requested, if the requester agrees to accept a lower number of PBV units. HW shall have no obligation to compensate an applicant for costs incurred in responding to this RFP.
